DETAILED ACTION

Response to Amendment

Applicant's arguments filed 2/28/06 have been fully considered but they are not persuasive. The Amendment and the Declaration submitted by Applicant do not overcome the rejection made by Examiner in the last Office action .

Claims 1-8 with I species are rejected under 35 U.S.C. 102(b) as being anticipated by WO 97/09394 of record on 1449.

The rejection is maintained for the reasons as stated in the last office action and for the following reasons:

Note that claim 1 has been amended to include the limitation "wherein the polymer is end-capped by an organic group" in that said organic group is not defined.

Note also that Applicant is correct in stating that the WO 97/09394 reference does disclose the use of a benzaldehyde to form the defined end-group. That why the Declaration under 37 CFR 1.132 has been submitted to show the unexpected results in that end of polymer is end-capped with a phenyl group compared to that without end-group. Said Declaration has been fully considered but they are not persuasive since they are not commensurate in scope with the claims in that the claims does disclose the condition wherein the polymer is end-capped by an organic group and can be other than phenyl group, as in Declaration.

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
